## SRPING 2014

### 2014 Client Survey

Its that time of the year again.....  
We will shortly be sending out our annual questionnaire.

Your feedback is so important to us, it helps us to identify areas for improvement, and develop new services.

Whether you have been receiving a service for long period of time or whether you are fairly new to Crossroads your thoughts and opinions really do matter. The answers, comments and suggestions received from questionnaire are what help to formulate our business plan going into the next financial year and beyond.

Your questionnaire will arrive in the post within the next few weeks, if you could take the time to complete the form and either post the form back or hand back to your care worker by the 20th July.

All completed surveys will be entered into a prize draw and one winner will be picked at random to receive a bottle of wine.

As Crossroads enters its 27th year we know that it is going to be a challenging year with the ever changing economy and with the spending cuts to this sector, but we are all committed to ensuring that issues faced by carers are kept at the forefront of what we are about and that we continue to grow and develop supporting people within the North Nottinghamshire Area.

*Valerie, Scheme Manager*

### Would you like to be a part of something?

As part of the annual survey we will also be asking whether anyone is interested in being part of a carers forum? We are looking for carers who could help us with feedback and suggestions on the services we provide.

The forum would meet three times a year, this would take the form of a social setting / day out where we could discuss matters in a relaxed environment. We are happy to try and provide assistance for the person you care for to allow you to attend. Please complete the form that comes with the questionnaire and let us know if this is something you are interested in!
